Bat Text Clues

Find the parts that help you read an information text.

2.LF.25.a "Identify and locate captions, bold print, subheadings, indexes, graphs, maps, glossaries, and illustrations."

NAME _____ DATE _____

1 READ AND MARK

Read it twice

YOUR JOB Circle the two section subheadings, underline the two bold words, and draw a box around the glossary label.

A Bat's Night

1. Finding Dinner At dusk, a bat flies out to hunt. It makes tiny sounds as it flies. The sounds bounce off a moth and come back as an **echo**. This helps the bat find the moth in the dark.

2. A Safe Rest After eating, the bat goes back to its **roost**. A roost can be a cave or a hollow tree. Bats often rest by hanging upside down. They sleep during the day and wake when evening comes.

3. Glossary Echo: a sound that comes back after it hits a wall, a tree, or another thing. Roost: a place where a bat rests. A cave or a hollow tree can be a roost.

2 ANSWER WITH EVIDENCE

Use the passage

1. Which subheading helps you find out how a bat finds a moth?

2. Which bold word names a place where a bat rests?

3. Where in the passage can you find what echo means?

3 YOUR TURN

Your own words

Write two facts about an animal you know. Add a subheading above your facts, make one word bold by tracing its letters, and add a glossary entry that tells what the bold word means.
