ANSWER KEY

Count the Votes

GRADE 1 · 1.DA.A.16.a

HOW TO RUN THIS PAGE

Read each part aloud. Each dot stands for one student's vote, and each group shows the votes for a different game. Students answer how many votes are in each group by matching or writing the total.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · MATCH TOTALS

SAY "Each dot is one student's vote for a game. How many votes are in each group? Draw a line from each group of dots to its total."

- **3 dots** matches **3**
- **5 dots** matches **5**
- **7 dots** matches **7**

PART 2 · WRITE TOTALS

SAY "Each group shows votes for a different game. How many votes does each group show? Write the total in each box."

- Box 1 (beside 4 dots): **4**
- Box 2 (beside 6 dots): **6**

WHAT TO ACCEPT

Match the dot groups to 3, 5, and 7, respectively. Accept 4 and 6 in the boxes, respectively.
