HOW TO RUN THIS PAGE

Read the questions aloud, then dictate the numbers for the empty boxes in order. Students write numerals independently, including a three-digit numeral, while you record any support separately.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · NEXT NUMBER

SAY "Listen to each question. Circle the numeral that comes next."

ROW	SAY	STUDENTS CIRCLE
a	What numeral comes right after thirty-nine? Circle it.	**40**
b	What numeral comes right after ninety-nine? Circle it.	**100**

PART 2 · WRITE NUMERALS

SAY "I will say a number for each box. Write the numeral for zero in the first box, fifty-seven in the second box, and one hundred twenty in the third box."

- Box 1: **0**
- Box 2: **57**
- Box 3: **120**

WHAT TO ACCEPT

Circle 40 and 100. Accept 0, 57, and 120 in the boxes, in that order, and record any support separately.
