Catch the Count

Children count aloud from different starting numbers and find where they land.

K.FC.A.2 "Count to 100 by ones beginning with any given number between 0 and 99."

NAME _____ DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 CIRCLE IT

a | 3 | 5 | 4

b | 62 | 61 | 63

2 WRITE IT

27	
76	
96	

ANSWER KEY

Catch the Count

HOW TO RUN THIS PAGE

Read the directions aloud and listen to each child count before the child marks an answer. Check that the child starts at the printed number and counts by ones without skipping. Record any help given separately from the child's independent response.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · CIRCLE IT

SAY "For each row, say your counting numbers aloud. Then circle the number you said last. I will listen as you count."

ROW	SAY	STUDENTS CIRCLE
a	Start at zero. Say five counting numbers aloud, with zero first. Your choices are three, five, and four. Which number did you say last? Circle it.	**4**
b	Start at fifty-eight. Say five counting numbers aloud, with fifty-eight first. Your choices are sixty-two, sixty-one, and sixty-three. Which number did you say last? Circle it.	**62**

PART 2 · WRITE IT

SAY "Look at the number beside each box. Say five counting numbers aloud, beginning with that number. Write the last number you say in the box. I will listen as you count."

- Box 1 (beside 27): **31**
- Box 2 (beside 76): **80**
- Box 3 (beside 96): **100**

WHAT TO ACCEPT

Circle 4 and 62. The boxes should show 31, 80, and 100. Confirm each answer by listening to the child count aloud by ones from the given start.
