Dot Count Quest

Students draw dots to match numerals up to 20.

K.FC.B.5.c "Draw the number of objects that matches a given numeral from 0 to 20."

NAME _____ DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 DRAW DOTS

4	
9	

2 MORE DOTS

14	
20	

ANSWER KEY

Dot Count Quest

KINDERGARTEN · K.FC.B.5.c

HOW TO RUN THIS PAGE

Read the directions aloud and give students time to draw and count. The skill is shown when a student draws exactly as many dots as the numeral beside each box shows.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · DRAW DOTS

SAY "Look at the number beside each box. Draw that many dots inside the box. Touch each dot as you count."

- Box 1 (beside 4): **4 dots**
- Box 2 (beside 9): **9 dots**

PART 2 · MORE DOTS

SAY "Look at each new number. Draw that many dots in its box. You can make rows to help you count."

- Box 1 (beside 14): **14 dots**
- Box 2 (beside 20): **20 dots**

WHAT TO ACCEPT

Accept any arrangement of distinct dots with exactly 4, 9, 14, and 20 dots in the matching boxes. Record counting help separately from whether the final dot count is correct.
