Places Shape Choices

GRADE 1 · SS24.1.4

HOW TO RUN THIS PAGE

Read each prompt and its three choices aloud. After students circle, listen to each student's oral explanation of how the place helps the worker or activity, and record any support separately.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · WORK PLACES

SAY "Listen as I read about each place and the job choices. Circle one job, then tell me how that place helps the worker. I will listen to each of you."

ROW	SAY	STUDENTS CIRCLE
a	A town is beside a river full of fish. Which worker gets food from the river? Circle one, then tell how the river helps.	**fisher**
b	A town has rich soil and flat fields. Which worker grows crops there? Circle one, then tell how the land helps.	**farmer**
c	A town has a forest with many trees. Which worker gets wood from the forest? Circle one, then tell how the forest helps.	**logger**

PART 2 · PLAY PLACES

SAY "Now listen for ways people can have fun in a place. Circle one activity, then tell me how the place helps people do it. I will listen to each of you."

ROW	SAY	STUDENTS CIRCLE
a	A town has a lake with safe, clean water. Which activity can people do in the lake? Circle one, then tell how the lake helps.	**swim**
b	A town has a trail up a hill. Which activity uses the trail? Circle one, then tell how the trail helps.	**hike**

WHAT TO ACCEPT

In order, the answers are fisher, farmer, logger, swim, and hike. Accept brief oral explanations that connect each choice to the place, such as fish in the river, soil for crops, trees for wood, water for swimming, or a path for hiking.
