Find the Park

Use gridlines to locate places on a park map.

SS24.2.10a "Utilize gridlines to find locations on a map."

NAME _____ DATE _____

1 READ AND MARK

Read it twice

YOUR JOB Circle duck pond, flower bed, and playground. Underline the words that tell you each place's row and column.

A Map of Pine Park

1. At Pine Park, a map is split by gridlines into nine squares. The columns are A, B, and C from left to right. The rows are 1, 2, and 3 from top to bottom. Each square has one letter and one number.

2. A duck pond is in row 1. It shares column B with the picnic tables in row 3. A flower bed is in column A. It is beside the pond, in the same row.

3. The playground is in row 2. It sits in column C, near a winding path. On busy days, park helpers use the grid to tell families where to meet. A letter and number point to one square.

2 ANSWER WITH EVIDENCE

Use the passage

1. What square is the duck pond in?

2. What square is the flower bed in?

3. What square is the playground in?

3 YOUR TURN

Your own words

In the box, draw two lines down and two lines across to make nine squares. Label the columns A, B, C and the rows 1, 2, 3, then draw two new places in different squares and write each place's letter and number.

ANSWER KEY

Find the Park

GRADE 2 · SS24.2.10a

PART 1 · READ AND MARK

Circle duck pond, flower bed, and playground. Underline the words that tell you each place's row and column. Accept any marking that follows this job and points at the right text.

PART 2 · ANSWERS

#	QUESTION	ANSWER
1	What square is the duck pond in?	**B1**
2	What square is the flower bed in?	**A1**
3	What square is the playground in?	**C2**

PART 3 · YOUR TURN (SAMPLE ANSWER)

A grid has columns A, B, C and rows 1, 2, 3. A kite field is drawn in A2, and a bike rack is drawn in C3. Kite field: A2. Bike rack: C3.

Accept each correct letter-number square. For Part 3, check that the two new places are drawn in different squares and that both written locations match the drawing.
