

Season Weather Detectives

Students identify seasonal weather clues and match weather to its effects.

SS.K.G.3.3 "Describe and give examples of seasonal weather changes and illustrate how weather affects people and the environment."

NAME _____

DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 SEASON CLUES

a	rain	snow	sunny
b	rain	wind	snow
c	sunny	rain	wind

2 WEATHER EFFECTS

snow	•	•	leaves
rain	•	•	coat
wind	•	•	puddles

HOW TO RUN THIS PAGE

Read every printed word aloud because students will respond by listening and marking. The seasonal clues help students notice weather changes, and the matching task shows how weather can affect people and the outdoors.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 • SEASON CLUES

SAY “I will read the weather words in each row and then tell you a clue about a season. Listen closely and circle the weather word that best fits each clue.”

ROW	SAY	STUDENTS CIRCLE
a	In winter, tiny white flakes can fall and cover the ground. Which word fits? Read the words with me: rain, snow, sunny. Circle the word that fits.	snow
b	In spring, drops can fall from clouds and make puddles on the ground. Which word fits? Read the words with me: rain, wind, snow. Circle the word that fits.	rain
c	In fall, air can blow hard and make leaves move. Which word fits? Read the words with me: sunny, rain, wind. Circle the word that fits.	wind

PART 2 • WEATHER EFFECTS

SAY “Listen as I read the words on the left and on the right. Draw a line from each weather word to something that can happen because of it.”

- **snow** matches **coat**
- **rain** matches **puddles**
- **wind** matches **leaves**

WHAT TO ACCEPT

Part 1 answers are snow, rain, and wind. Part 2 matches are snow to coat, rain to puddles, and wind to leaves; accept clear lines that reach the correct words.
