Playground Cursive Joins

GRADE 4 · 4.F.H.4.a

WHAT TO LOOK FOR

- Lowercase and capital letters follow the printed cursive models.
- Letters connect legibly within each traced pair and written word.
- Words in the copied sentence are distinct and easy to read.
- The student's own sentence is written in cursive with connected letters inside words.

The models are printed in one traditional cursive. If your handwriting program forms a letter differently, students follow your program.
