HOW TO RUN THIS PAGE

Show students that print begins at the top, travels from left to right across a row, and then moves down to the next row. Before the matching part, model moving the right side of a page toward the left.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 • READ ACROSS

SAY “Start with the top row. We will move down one row at a time. Listen to each question, then circle your answer.”

ROW	SAY	STUDENTS CIRCLE
a	I will read this row from left to right: M, A, T. Which letter did I say first?	M
b	I will read this row from left to right: S, U, N. Which letter did I say last?	N
c	After you read across one row, which word tells where your eyes go for the next row?	down

PART 2 • MATCH MOVES

SAY “I will read the words on the left, then the words on the right. Draw a line from each left word to the word on the right that completes the print move.”

- **move** matches **down**
- **turn** matches **left**
