

Count Carefully

Students count dot groups exactly and connect matching quantities and numerals.

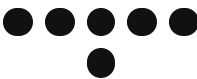

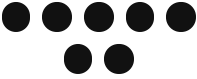

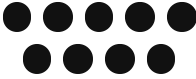

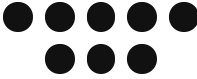

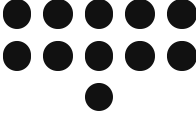

K.MP.6 "Attend to precision."

NAME _____

DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 CIRCLE IT _____

a			
b			
c			

2 MATCH IT _____

3	•	•	
6	•	•	
9	•	•	

HOW TO RUN THIS PAGE

Read each prompt aloud and give students time to touch or point to each dot as they count. Precision here looks like counting each dot once, checking the total, and matching only an exact quantity.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 • CIRCLE IT

SAY “We will count slowly. Touch each dot one time as you count. When you know, circle the group that answers the question.”

ROW	SAY	STUDENTS CIRCLE
a	Count each group carefully. Which group has 5 dots?	5 dots
b	Count each group carefully. Which group has 8 dots?	8 dots
c	Count each group carefully. Which group has 10 dots?	10 dots

PART 2 • MATCH IT

SAY “Count the dots in each group carefully. Draw a line from each number to the dot group with exactly that many dots.”

- **3** matches **3 dots**
- **6** matches **6 dots**
- **9** matches **9 dots**

WHAT TO ACCEPT

Part 1 answers are middle, right, left. In Part 2, accept lines matching 3 to 3 dots, 6 to 6 dots, and 9 to 9 dots.
