YOUR JOB Circle each place people built. Underline the words that tell where those places are.

A Walk Through Town

1. Our class walks through a small town. We start at the school. A road runs in front of it. Across the road is a fire station. We cross at the painted crosswalk to see the red trucks.

2. Next, we walk along the road. The library is beside the fire station. A post office stands behind the library. We can see its door from a path that runs between the two buildings.

3. We head back toward school. A footbridge crosses the stream behind the school. On the other side of the bridge is a playground. From the playground, we can look back and spot the bridge, the school, and the road.

2 ANSWER WITH EVIDENCE

Use the passage

1. Where is the fire station compared with the school?

2. Where is the post office compared with the library?

3. Where is the footbridge compared with the school?

3 YOUR TURN

Your own words

Draw a place you know with three things people built. Write one sentence telling where one thing is compared with another.
