HOW TO RUN THIS PAGE

Read each prompt and the printed choices aloud. Students identify jobs from descriptions, match workers to what they work with, and orally describe one worker's task. Observe each oral response and record any support separately.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · FIND THE JOB

SAY "Listen to each clue and the job words I read. Circle the job that fits."

ROW	SAY	STUDENTS CIRCLE
a	At home, someone fixes a leaky sink. The choices are plumber, teacher, and cashier. Which job fits?	**plumber**
b	At school, someone helps children learn to read. The choices are cashier, teacher, and plumber. Which job fits?	**teacher**
c	At a store in the community, someone takes money when people buy food. The choices are teacher, plumber, and cashier. Which job fits?	**cashier**

PART 2 · WORKER MATCHES

SAY "The job words are baker, driver, and gardener. The words on the other side are bus, plants, and bread. Draw a line from each worker to what that worker works with. Then tell me what one worker does."

- **baker** matches **bread**
- **driver** matches **bus**
- **gardener** matches **plants**

WHAT TO ACCEPT

Circle plumber, teacher, cashier. Match baker to bread, driver to bus, and gardener to plants. Accept an accurate oral description of one worker's task, such as 'A baker makes bread.'
