HOW TO RUN THIS PAGE

Read each prompt aloud and give the reply in the answer key only after the student asks a question. Listen for a question that seeks the missing detail and an oral answer that uses your reply. Record accuracy and any prompting separately.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · ASK FIRST

SAY "Listen to what I say. Ask me a question aloud to learn what is missing. After I answer, tell me what you learned and circle the word that helped you ask."
