Word Pattern Hunt

GRADE 1 · 1.RF.6

HOW TO RUN THIS PAGE

In a small group, listen to each student read every choice from print before you give the row clue or say any choice aloud. Record word-reading accuracy and any support separately, since circles alone do not show decoding.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · FIND IT

SAY "Read all three words in each row out loud to me. Then listen to my question and circle one word."

ROW	SAY	STUDENTS CIRCLE
a	Which word has just one vowel, with a consonant on each side? Circle it.	**pin**
b	Which word has a vowel followed right away by r? Circle it.	**car**
c	Which word has two vowels side by side? Circle it.	**boat**

PART 2 · MORE CLUES

SAY "Read each word out loud to me before you hear the question. Then circle the word that fits."

ROW	SAY	STUDENTS CIRCLE
a	Which word has only one letter? Circle it.	**I**
b	Which word ends in e and has a consonant between its two vowels? Circle it.	**pine**

WHAT TO ACCEPT

The circled words, in order, are pin, car, boat, I, and pine. Accept a circle only when the student also reads the printed choices aloud; note decoding errors and support separately.
