HOW TO RUN THIS PAGE

Prepare an available computer or tablet and a class digital page that others can view. Read the directions aloud, help each student type and publish their words, and record the support you give separately from the student's marks.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · PICK WORDS

SAY "What is one thing you like at school? Write a word for it in the first box. What is another thing you like at school? Write a word for it in the second box."

- Box 1 (beside 1): **A student-chosen word for one thing the student likes at school.**
- Box 2 (beside 2): **A student-chosen word for another thing the student likes at school.**

PART 2 · SHARE WORDS

SAY "With my help, type your two words on our classroom computer or tablet. When you have typed them, write YES beside TYPE. Then help me put your words on our class digital page for others to see. When they are there, write YES beside SHARE."

- Box 1 (beside TYPE): **YES, after the student types both words.**
- Box 2 (beside SHARE): **YES, after the student's words appear on the class digital page.**

WHAT TO ACCEPT

Accept recognizable student-chosen words, including phonetic spelling. Confirm that the student typed both words and that they were published on the class digital page. Record the support provided separately.
