HOW TO RUN THIS PAGE

Read each question and its choices aloud. Then read the words in both matching columns aloud. Students show that they can identify services by choosing helpful actions and matching workers to the services they provide.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · CIRCLE IT

SAY "People do many kinds of work to help others. Listen to each question and circle one word in its row."

ROW	SAY	STUDENTS CIRCLE
a	A person helps children learn at school. Which service does that person give: clean, teach, or deliver?	**teach**
b	A person brings a package to someone's home. Which service does that person give: deliver, cut, or teach?	**deliver**
c	A person repairs someone else's broken bike. Which service does that person give: clean, teach, or fix?	**fix**

PART 2 · MATCH IT

SAY "I will read the workers and the service words aloud. Draw a line from each worker to the service that worker gives to others."

- **nurse** matches **care**
- **baker** matches **bake**
- **driver** matches **drive**

WHAT TO ACCEPT

Circle teach, deliver, and fix, in that order. Match nurse to care, baker to bake, and driver to drive.
