Read the Facts

Read three short facts with support, then use them to answer and match.

RI.K.10 "With prompting, modeling, and support, read informational texts appropriately complex for kindergarten."

NAME _____ DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 READ AND CIRCLE

a	Rain	is	water
b	Sun	gives	light
c	Birds	build	nests

2 MATCH FACTS

Rain	•	•	nests
Sun	•	•	water
Birds	•	•	light

Read the Facts

HOW TO RUN THIS PAGE

Work with a small group so you can hear each child read the printed facts aloud. Model reading the different fact in the script, then point to the words as children read the worksheet facts with you. Record each child's oral reading and the support needed separately from the marks on the page.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · READ AND CIRCLE

SAY "Listen as I read a different fact: Fish swim. I will point to the words in each row as I read. Then read each row aloud with me and circle the word that answers my question."

ROW	SAY	STUDENTS CIRCLE
a	What is water in this fact? Circle the word.	**Rain**
b	What does the sun give? Circle the word.	**light**
c	What do birds do? Circle the word.	**build**

PART 2 · MATCH FACTS

SAY "Read the three facts aloud again with me as I point. Then draw a line from each word on the left to a word on the right that completes its fact."

- **Rain** matches **water**
- **Sun** matches **light**
- **Birds** matches **nests**

WHAT TO ACCEPT

Circle Rain, light, and build; match Rain to water, Sun to light, and Birds to nests. Accept marks that show the correct choices, and record each child's oral reading and support needed separately.
