Butterfly Stage Search

Identify four life cycle stages, then draw and label two of them.

L.1.2.2 "Obtain, evaluate, and communicate information through labeled drawings, the life cycle (egg, larva, pupa, adult) of pollinating insects (e.g., bees, butterflies)."

NAME _____ DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 FIND STAGES

a	larva	egg	pupa	adult
b	adult	pupa	larva	egg
c	pupa	larva	adult	egg
d	egg	larva	pupa	adult

2 DRAW STAGES

egg

adult

ANSWER KEY

Butterfly Stage Search

GRADE 1 · L.1.2.2

HOW TO RUN THIS PAGE

Use this sheet after a lesson about the butterfly life cycle. Read each prompt and its choices aloud. Students circle the stages, then make two labeled drawings to show what they know.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · FIND STAGES

SAY "Think about how a butterfly grows. Listen to each question and circle one word in each row."

ROW	SAY	STUDENTS CIRCLE
a	The words are larva, egg, pupa, and adult. Which stage begins a butterfly's life?	**egg**
b	The words are adult, pupa, larva, and egg. Which stage hatches from an egg?	**larva**
c	The words are pupa, larva, adult, and egg. Which stage comes after the larva?	**pupa**
d	The words are egg, larva, pupa, and adult. Which stage comes out of the pupa?	**adult**

PART 2 · DRAW STAGES

SAY "Trace the gray word in each box. Draw what that stage of a butterfly looks like beside its word. Then tell me the four stages in order."

- Box 1: **Traces egg and draws a butterfly egg.**
- Box 2: **Traces adult and draws an adult butterfly.**

WHAT TO ACCEPT

Circle answers, in order: egg, larva, pupa, adult. Accept recognizable drawings with the traced labels; listen for all four stages in order and record any support separately.
