Number Neighbors

Compare and order numbers using numerals and counting dots.

K.N.1.8 "Compare and order whole numbers from 0 to 10 with and without objects, using the vocabulary "more than," "less than," or "equal to.""

NAME _____ DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 CIRCLE ONE

a	7	10	8
b	●●●●●	●●●	●
c	1	3	0

2 WRITE NUMBERS

●●●●● ●	
5	
9	

ANSWER KEY # Number Neighbors

HOW TO RUN THIS PAGE

Read each prompt aloud and allow time for students to count or compare before marking an answer. Observe whether students use more than, less than, and equal to correctly, and record any support separately.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · CIRCLE ONE

SAY "Let's compare numbers and dots. Listen to each question, then circle one choice in its row."

ROW	SAY	STUDENTS CIRCLE
a	Which number is more than 8? Circle it.	**10**
b	Which group has less than 3 dots? Circle it.	**1 dots**
c	When you put numbers in order, which number comes between 0 and 2? Circle it.	**1**

PART 2 · WRITE NUMBERS

SAY "Look at the dots beside the first box and write a number equal to the number of dots. In the second box, write the number that is one less than the number beside it. In the third box, write the number that is one more than the number beside it."

- Box 1 (beside 6 dots): **6**
- Box 2 (beside 5): **4**
- Box 3 (beside 9): **10**

WHAT TO ACCEPT

Circle answers, in order: 10, one dot, 1. Box answers, in order: 6, 4, 10; accept clearly recognizable numerals.
