HOW TO RUN THIS PAGE

Read each situation and all three choices aloud before students circle a word. Look for students to identify equal participation, fair actions, and respect for rules.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · THINK AND CIRCLE

SAY "I will read each situation and the words in its row. Listen, then circle the word that fits best."

ROW	SAY	STUDENTS CIRCLE
a	The words are more, same, and less. At a class vote, each child gets one vote. How do their numbers of votes compare? Circle the word that fits.	**same**
b	The words are share, grab, and hide. Two children want to use one box of markers. What could they do so both can use the markers? Circle the word that fits.	**share**
c	The words are break, ignore, and follow. Our school has a rule to keep the doorway clear. What should you do to show respect for that rule? Circle the word that fits.	**follow**

PART 2 · CHOOSE AN ACTION

SAY "Now listen to two more situations. Circle one word in each row to show what a child should do."

ROW	SAY	STUDENTS CIRCLE
a	The words are block, grab, and invite. A child has not had a turn at a class game. Which action helps that child get a turn? Circle the word that fits.	**invite**
b	The words are quiet, loud, and shout. The library has a rule to let others read without noise. Which voice follows the rule? Circle the word that fits.	**quiet**

WHAT TO ACCEPT

In order, the correct choices are same, share, follow, invite, and quiet. Ask a student to explain a choice orally if you need to check their understanding.
