What We Learned at the Garden

1. Our class looked into a community garden. We read a sign by the gate. It says neighbors grow beans and lettuce there. A gardener named Ana pulls weeds so the plants have room. She uses a small hand tool.

2. We also talked with Mr. Lee, who helps at the garden. He fills watering cans from a rain barrel. Bean plants need water to grow. Ms. Kim plants seeds in rows. She puts sticks near the bean plants so they can climb.

3. At the library, we found a short book about the garden. The book says some food goes home with gardeners. Some goes to a food shelf for neighbors who need it. Jo picks ripe beans and puts them in baskets.
