HOW TO RUN THIS PAGE

Read each prompt aloud and read the printed choices as needed. Students identify symbols from clues, then trace idea words and explain aloud how the symbols can connect people across the country. Listen to each student's explanation and record any support separately.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · CIRCLE IT

SAY "Listen to each question. I will read the three words in the row. Circle one word for each question."

ROW	SAY	STUDENTS CIRCLE
a	Which U.S. symbol stands in New York Harbor, holds a torch, and reminds people across the country of freedom?	**statue**
b	Which U.S. symbol has stars and stripes and can remind people they are part of one country?	**flag**

PART 2 · TRACE AND TELL

SAY "The words beside the boxes name two symbols. Which one is the Statue of Liberty? Trace each gray idea word. Then tell me how each symbol and its idea can help people across our country feel connected."

- Box 1 (beside statue): **freedom**
- Box 2 (beside flag): **together**

WHAT TO ACCEPT

Accept accurate tracing and an oral explanation that the Statue of Liberty represents freedom and the flag can remind people they belong to one country. Note whether each student explains the connection independently or with support.
