HOW TO RUN THIS PAGE

Read the library note aloud, then read each row and its choices. Give students time to draw, label, and dictate in the boxes. Listen to each student's fact and question, and record any help separately from the response.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · THINK AND CIRCLE

SAY "Listen to this note: At a library, you can take a story home and bring it back. A worker helps you find a story. Now listen to each question and circle one word."

ROW	SAY	STUDENTS CIRCLE
a	Which word tells what you do when you take a story home and bring it back? Sell, borrow, or cook?	**borrow**
b	What could you ask about to learn what people take home from a library? Books, shoes, or snacks?	**books**

PART 2 · SHARE AND ASK

SAY "In the FACT box, draw and label something you can take home from a library. Tell me one fact about it, and I will write your words in the box. In the ASK box, draw and label something you want to learn about at a library. Tell me your question, and I will write it in the box."

- Box 1 (beside FACT): **A drawing of a book labeled 'book,' with the dictated fact 'I can take a book home and bring it back.'**
- Box 2 (beside ASK): **A drawing of books labeled 'books,' with the dictated question 'How many books are at the library?'**

WHAT TO ACCEPT

Circle borrow in row 1 and books in row 2. Accept a labeled drawing and a spoken or dictated fact supported by the note, plus a relevant question about a library.
