Coin Value Match

GRADE 1 · TEKS 1.4.A

HOW TO RUN THIS PAGE

Use the printed coin photographs for identification before naming values. Read numerical choices and task prompts aloud, allowing independent think time. Coin photographs show selected U.S. designs; real coins may have different reverse designs.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · CIRCLE IT

SAY "Look closely at the coin photographs. Listen to each question, choose independently, and name the coin you chose."

ROW	SAY	STUDENTS CIRCLE
a	Five pennies have the same value as which coin?	**1 nickels (5 cents)**
b	Two nickels have the same value as which coin?	**1 dimes (10 cents)**

PART 2 · MATCH VALUES

SAY "Look at each coin photograph. Name the coin before drawing a line to its matching value. I will read the amounts aloud. "

- **1 pennies (1 cents)** matches **1**
- **1 nickels (5 cents)** matches **5**
- **1 dimes (10 cents)** matches **10**
- **1 quarters (25 cents)** matches **25**

WHAT TO ACCEPT

Circle Nickel in the first row and Dime in the second row. Match Penny to 1, Nickel to 5, Dime to 10, and Quarter to 25.
