1.7.c "locating the site of the Jamestown colony; and"

NAME _____

DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 CIRCLE IT _____

a	Maryland	Virginia	N Carolina
b	Atlantic	Pacific	Arctic
c	York	Potomac	James

2 TRACE NAMES _____

Virginia
Atlantic

HOW TO RUN THIS PAGE

Required: display a labeled Virginia map showing Jamestown and the James River, with an Atlantic coast view, plus a Historic Jamestowne site map showing the original colony site. Use classroom maps or the National Park Service Historic Jamestowne Maps page. Read labels and model how the two map scales connect. Provide a close copy if needed. Each learner must point to Jamestown in Virginia and to the actual colony site beside the James River before the word tasks.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 • CIRCLE IT

SAY “Find and point to Jamestown on our Virginia map. Now point to the colony site on our closer map and the James River beside it. Tell a partner where the colony was. Keep using the maps as I read each question and its choices.”

ROW	SAY	STUDENTS CIRCLE
a	Jamestown colony was in which state? Listen: Maryland, Virginia, North Carolina. Which state do you choose?	Virginia
b	Which ocean is east of Jamestown? Listen: Atlantic, Pacific, Arctic. Which ocean do you choose?	Atlantic
c	Jamestown was beside which river? Listen: York, Potomac, James. Which river do you choose?	James

PART 2 • TRACE NAMES

SAY “Look at each gray place word in a box. Can you trace each gray word with your pencil?”

- Box 1: **Virginia**
- Box 2: **Atlantic**

WHAT TO ACCEPT

Circle answers are Virginia, Atlantic, and James. Accept recognizable tracing of Virginia and Atlantic, including letters that are formed imperfectly but follow the gray model. Observe each learner locating the actual Jamestown colony site, not merely pointing to the Virginia label. The original site is beside the James River at Historic Jamestowne; do not substitute the nearby Jamestown Settlement museum. Check map pointing with label-reading or communication support. Names and tracing alone are insufficient.
