Sound Builder Lab

Students add one sound to make and record new words.

1.RF.2.k "Add phonemes to words to create new words."

NAME _____ DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 HEAR IT

a	bat	cat	hat
b	fin	tin	pin
c	note	nose	not

2 MAKE IT

an	
it	

ANSWER KEY

Sound Builder Lab

HOW TO RUN THIS PAGE

Model with up: adding /k/ at the start makes cup. Read the choices aloud, then listen as each student says the new word before circling or writing it. Record accuracy and any support separately.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · HEAR IT

SAY "For each row, listen to the choices and the sound I say. Say the new word aloud, then circle it."

ROW	SAY	STUDENTS CIRCLE
a	The choices are bat, cat, hat. Say at and add /k/ to the start. What new word do you make? Say it and circle it.	**cat**
b	The choices are fin, tin, pin. Say in and add /p/ to the start. What new word do you make? Say it and circle it.	**pin**
c	The choices are note, nose, not. Say no and add /t/ to the end. What new word do you make? Say it and circle it.	**note**

PART 2 · MAKE IT

SAY "For the first box, say an, add /m/ to the start, then say and write the new word. For the second box, say it, add /s/ to the start, then say and write the new word."

- Box 1 (beside an): **man**
- Box 2 (beside it): **sit**

WHAT TO ACCEPT

Circle cat, pin, and note, in order. Accept man and sit in the boxes; check that each student says the new word with the added sound.
