Ask to Know

Students ask aloud for missing details, then mark the question word they used.

K.SL.2 "Confirm understanding from content presented by asking questions and requesting clarification."

NAME _____ DATE _____

Teacher: this page is run aloud. The script and answers are on the guide page.

1 MISSING DETAILS

a

Where	Who	When

b

Who	Where	When

2 CLEAR DIRECTIONS

a

What	When	Who

b

When	Who	Where

ANSWER KEY

Ask to Know

HOW TO RUN THIS PAGE

Read each message and the choices aloud. Listen for each student's question, answer it with a clear detail, and then have the student circle the word that began the question. Record whether the student asked an on-topic question independently or needed a prompt or model, separately from circle accuracy.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · MISSING DETAILS

SAY "Listen for a missing detail. Ask me a question that starts with one of the words in your row. After I answer, circle the word you used."

ROW	SAY	STUDENTS CIRCLE
a	Someone took the red pencil. I did not tell you the person. Your choices are where, who, and when. What could you ask me?	**Who**
b	The class will sing. I did not tell you the time. Your choices are who, where, and when. What could you ask me?	**When**

PART 2 · CLEAR DIRECTIONS

SAY "Listen to each direction. Ask me a question that starts with one of the words in your row so you know what I mean. After I answer, circle the word you used."

ROW	SAY	STUDENTS CIRCLE
a	Circle a shape. I did not tell you the shape's name. Your choices are what, when, and who. What could you ask me?	**What**
b	Put a dot on the page. I did not tell you the spot. Your choices are when, who, and where. What could you ask me?	**Where**

WHAT TO ACCEPT

Expected oral questions include "Who took the pencil?", "When will the class sing?", "What shape?", and "Where should I put the dot?" Accept other on-topic clarification questions orally, but score a circle as correct only when it matches the word the student used.
