YOUR JOB Circle each part that shares information with a picture, a sound, or something you can tap. Write P, S, or T beside each circled part to show how it shares information.

Pebble's Web Page

1. On the City Animal Shelter website, a large heading says, "Meet Pebble." A photo shows a small gray cat sleeping in a blue basket. The picture helps readers see what Pebble looks like before they visit.
2. Below the photo, short words tell Pebble's age, favorite toy, and feeding time. A speaker icon can play a soft purr sound. Readers can use their eyes and ears to learn about the cat.
3. At the bottom, a green button says, "Plan a Visit." When a reader taps it, a page opens with the shelter's address and hours. A map beside the words shows where the shelter is located.

2 ANSWER WITH EVIDENCE

Use the passage

1. Which part of the web page lets a reader hear a sound?

2. How does the map help a reader?

3. Why does the web page use both a photo and short words?

3 YOUR TURN

Your own words

Design a small digital page for a different animal. Include a heading, a picture box, and two features a reader could tap or use, then label what each feature helps the reader do.
