**HOW TO RUN THIS PAGE**

Read each prompt aloud and give students time to mark their answer. Remind students to compare the tens first, then the ones when needed. For numbers over 100, students can compare the hundreds, then the tens and ones. Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

**PART 1 • CIRCLE IT**

**SAY** “Look at each row as I read the numbers and question. Circle the one number that answers each question.”
