HOW TO RUN THIS PAGE

Read each situation and all of its choices aloud. Before students mark, pause for them to name one good result and one possible problem for each choice, then invite a student to pantomime how the chosen solution could be carried out. In the second part, students use the result of a choice to decide whether the solution worked.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 • CHOOSE A FIX

SAY “A problem needs a safe and fair fix. Listen to each problem and the choices, think about what could happen, and circle the choice you would make.”

ROW	SAY	STUDENTS CIRCLE
a	Your glue is missing. You could ASK, GRAB, or YELL. Which choice helps you learn what happened? Circle it.	ASK
b	Only one child may use the computer, and two children want a turn. You could PUSH, WAIT, or LEAVE. Which choice is fair and safe? Circle it.	WAIT
c	Water spilled by the sink. You could RUN, SPLASH, or TELL. Which choice helps solve the problem safely? Circle it.	TELL

PART 2 • DID IT WORK

SAY “Now listen for what happened after a choice was made. Circle YES if the solution worked, NO if it did not work, or NOT YET if you cannot tell yet.”

ROW	SAY	STUDENTS CIRCLE
a	You chose to take turns with a ball. Everyone gets a turn. Did the solution work? Circle YES, NO, or NOT YET.	YES
b	You chose to yell when you needed a pencil. No one understood you, and you still need a pencil. Did the solution work? Circle YES, NO, or NOT YET.	NO
c	You chose to wait for a helper. The helper has not come yet. Do you know if the solution worked yet? Circle YES, NO, or NOT YET.	NOTYET

WHAT TO ACCEPT

Part 1 answers are ASK, WAIT, and TELL. Part 2 answers are YES, NO, and NOTYET. Accept a clear circle or other clear mark on the correct choice.
