

# Sense Detectives

Students connect body parts to senses and choose a safe response.

**K.5** "The students will investigate and understand that senses allow humans to seek, find, take in, and react or respond to different information. Key ideas include the five basic senses correspond to specific human body structures..."

## 2 DRAW LINES \_\_\_\_\_

|      |   |   |       |
|------|---|---|-------|
| Eye  | • | • | Smell |
| Ear  | • | • | See   |
| Nose | • | • | Hear  |

**HOW TO RUN THIS PAGE**

Read each choice aloud and give students time to make one clear mark. Students show that body structures help them gather information, and that information can help them respond in daily life.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

**PART 1 • CIRCLE**

**SAY** "I will read the words in each row. Listen to my question, then circle one answer."

| ROW | SAY                                                                                                                      | STUDENTS CIRCLE |
|-----|--------------------------------------------------------------------------------------------------------------------------|-----------------|
| a   | These words say Eye, Tongue, Nose, and Ear. Which body part helps you taste an apple? Circle it.                         | <b>Tongue</b>   |
| b   | These words say Nose, Tongue, Ear, and Skin. Which body part helps you feel a fuzzy sweater? Circle it.                  | <b>Skin</b>     |
| c   | These words say Away, Stay, and Again. If you touch something hot, which word tells what your hand should do? Circle it. | <b>Away</b>     |

**PART 2 • DRAW LINES**

**SAY** "Listen as I read the body-part words on the left and the action words on the right. Draw a line from each body part to the action it helps you do."

- **Eye** matches **See**
- **Ear** matches **Hear**
- **Nose** matches **Smell**

**WHAT TO ACCEPT**

Circle answers are Tongue, Skin, and Away. Match Eye to See, Ear to Hear, and Nose to Smell. Accept lines that clearly connect the intended pairs.
