HOW TO RUN THIS PAGE

Students use printed coin names and cent amounts to show what each coin is worth. Read the choices aloud, then let students circle and match without giving hints.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · CIRCLE COINS

SAY "I will read the coin names in each row. Listen to my question, then circle the coin name that answers it."

ROW	SAY	STUDENTS CIRCLE
a	The names are penny, dime, quarter, nickel. Which coin is worth five cents? Circle its name.	**nickel**
b	The names are dime, penny, nickel, quarter. Which coin is worth ten cents? Circle its name.	**dime**

PART 2 · MATCH VALUES

SAY "On the left are coin names. On the right are numbers of cents. I will read both columns aloud. Draw a line from each coin name to the number of cents it is worth."

- **penny** matches **1**
- **nickel** matches **5**
- **dime** matches **10**
- **quarter** matches **25**
