HOW TO RUN THIS PAGE

Read each question aloud and give children time to think before they mark an answer. The children show the K.OA.4 skill by finding the number that joins a given number to make 10. Note any help you give separately.

Students never read directions on this sheet. Read each part's script aloud, then each prompt, giving think time before students mark.

PART 1 · CIRCLE IT

SAY "Listen to each question. Look at the three numbers in that row, and circle the one that makes 10."

ROW	SAY	STUDENTS CIRCLE

b	What number do you add to 5 to make 10? Circle it.	**5**
c	What number do you add to 8 to make 10? Circle it.	**2**

PART 2 · WRITE IT

SAY "Look at the number beside each box. What number do you add to it to make 10? Write that number in the box."

- Box 1 (beside 3): **7**
- Box 2 (beside 7): **3**
- Box 3 (beside 9): **1**
